General Assembly

1/2014 — Present

Web Development Immersive

- 12-week web development immersive program
- Full-stack, Rails-focused web development program
- Built Infocongress, an app that allows you to easily find information about federally elected officials (infocongress.herokuapp.com)
- Worked on a five person team to build JukeHacker, a party playlist that allows you to text your requests in to a party playlist, as well as vote on which song to play next (jukehacker.herokuapp.com)

Berger Hirschberg Strategies

8/2013 — Present

Consultant

Development Associate

- Successfully planned and executed a fundraiser for a nonprofit client, raising \$285,000 in a single night
- Developed a plan to clean and upgrade a 350,000 contact database
- Identified over 1,500 fundraising targets for a wide variety of political and nonprofit clients
- Conducted a comprehensive training to teach strategies on how to successfully identify high quality fundraising targets

Maggie Hassan for Governor

7/2012 — 12/2012

Field Organizer

- Managed the sole satellite office for a successful gubernatorial campaign
- Worked with all components of the campaign to coordinate activity in the satellite office
